“

My Mother has been living at Appletree Cottage for the past year, and the difference it has made in her life is remarkable.

The staff are incredibly supportive and always take the time to listen to her needs and preferences. I've noticed a significant boost in her confidence and independence.

A Natural Haven

Step into a world where nature is your neighbour. Appletree Cottage enjoys a truly magnificent setting alongside the Woodland Trust's Rectory Field, where scenic walks and seasonal events bring the joy of nature to your doorstep.

Our residents delight in being part of the vibrant local community, with Oghwell Green hosting delightful gatherings throughout the year – from cheerful summer fetes to spectacular firework displays, friendly dog shows to traditional hog roasts. For those seeking spiritual connection, the beautiful Oghwell Church welcomes many of our residents to Sunday services.

“

The environment is safe, encouraging, and filled with opportunities for her to develop new skills and enjoy her life. It's such a relief knowing she's in a place where She feels valued, and I'm able to see the positive impact it has had on her mental and emotional health.

The charming village of East Ogwell, with its rich heritage, provides a peaceful setting where quiet country lanes and historic buildings create a true sense of traditional village life.

Just an eight-minute drive away lies the bustling market town of Newton Abbot, a town steeped in history with a heritage dating back to medieval times. The town centre offers excellent shopping facilities and a thriving market that has been a focal point of local life for over 750 years.

The area around Appletree Cottage offers wonderful opportunities for gentle exploration, whether walking in the adjacent Woodland Trust's Rectory Field or enjoying the community spirit of Ogwell Green. The local area is particularly special during festival times, when summer fetes, firework displays and traditional events bring the whole community together.
